Quality Policy Statement

The Company Policy Statement has been formally adopted by senior management as appropriate and suitable to RailSense Solutions Ltd (RailSense). The policy applies to RailSense and is the basis for assuring the consistent delivery of quality products and services and as a means of ensuring continuous performance improvement. The Company Policy Statement is communicated to all employees.

It is the aim of RailSense to provide services and design and manufacture goods which fully comply with customer requirements and conform to standards recognised by customers as being outstanding.

To ensure achievement of this aim, a Business Management System has been established meeting the requirements of ISO 9001:2015.

It is the policy of RailSense to:

➢ give satisfaction to all of our customers and other stakeholders and interested parties and, as far as possible, not only meet but exceed their expectations;

➢ comply with all legal requirements, codes of practice and all other requirements applicable to our activities;

➢ the reduction of hazards, prevention of injury, ill health and pollution;

➢ provide the right organisation, facilities, equipment resources and trained, competent staff to ensure these objectives are met;

➢ ensure that all employees are made aware of their individual obligations in respect of this quality policy;

➢ maintain a Business Management System that will achieve these objectives and continually review and monitor all aspects of operations to identify opportunities for improvement in the effectiveness and performance based on analysing and responding to business risks;

The requirements of the company Business Management System and this Quality Policy are mandatory. Its success can only be achieved with the participation and commitment of all staff and therefore all staff have a responsibility and obligation to understand and help achieve its aims.

Signed: _____ Date: 29th January 2024

Tristan Lloyd-Baker, Chief Executive Officer, RailSense Solutions Ltd
